

ISPAK asks Pemra to ban FOXNews

Abrar Mustafa

ISLAMABAD: Internet Service Providers Association of Pakistan (ISPAK) has asked Pemra (Pakistan Electronic Media Regulatory Authority) to ban FOXNews in Pakistan on publishing a story on falsely declaring Pakistan as number one country in porn searches.

In a letter to the Chairman Pemra, Mushtaq Malik, the chairman ISPAK stated that the FOXNews story was based on wrong statistical data extracted from Google and manipulated in a manner to degrade, humiliate and ridicule Pakistan and its 170 million people. FOXNews story on Pakistan's alleged number one ranking in porn and sexually explicit searches received country-wide condemnation in media and Internet blogs.
